

Credit

All members have \$20 worth of interest-free in-club credit available to them for the purchase of medicine. This credit may not be accessed on a club member's first purchase.

Gayle Quin Grant

Many people came together and worked hard to create our club but none more so than the founder, Ted Smith and his late partner, Gayle Quin. Gayle always believed in helping others and felt a special amount of compassion for those with medical conditions and the financial stress put on them. It was her idea and efforts to create this benefit for members and we honor this by giving it the title,

"The Gayle Quin Grant".

Each month, members may receive \$5 worth of medicine free of charge.

- ❖ A member's \$20 credit must be fully used to access the grant.
- ❖ Members may not purchase additional medicine beyond the initial \$5, with the exception of edible or topical products.
- ❖ After accessing their grant, members must spend at least \$20 in total before they can use it again the next month.
- ❖ The GQ Grant becomes available on the first day of the month.
- ❖ Members may not 'save' their grant from month to month.

Pre-ordering

- ❖ Members may pre-order edibles and topicals up to double the amount of a daily limit.
- ❖ We ask that you make pre-orders with seven days advance notice.

Bottoms

As a way to provide low cost medicine, we collect the remnants of our selection of dried cannabis and then combine them for resale. These 'bottoms' are available at a price of \$5.25 per gram.

- ❖ Bottoms have limited availability. However, we try to provide our members with quality cannabis at budget prices at every opportunity.
