

At the VCBC, we are committed to offering a wide variety of cannabis products without compromising our focus on the healthiest possible ingredients.

All of our cannabis capsules contain 0.75mL of organic oil infused with the specific active ingredients needed to achieve the desired effects.

We ensure our capsules contain a diverse spectrum of cannabinoids by using several different strains. The resulting benefit is that our capsules will synergize with many of our other products, increasing their potency.

Ingredients:

Capsules made from 100% vegetable cellulose and preservative free.

Pure organic grape seed oil - has antioxidant properties

Organic first press extra virgin olive oil - has some anti-inflammatory properties.

Pure Organic Hemp Seed Oil - rich in omega-6 and omega-3 essential fatty acids.

Organic Soy Lecithin - aids in the uptake of cannabinoids

Organic Coconut Oil - promotes healthy bacteria while aiding in the uptake of cannabinoids

Capsule Dosing

Record your personal dosing information below for several days to recognize patterns.

Time in the day you administer a capsule:

Day 1	Day 2	Day 3
:	:	:

Amount of time that passes until noticing the first effects:

Day 1	Day 2	Day 3
-------	-------	-------

Record the time that you first notice a decline in the effect from the capsule:

Day 1	Day 2	Day 3
:	:	:

Average time it takes for your capsule to take effect:

Average length of time you feel the effect of your medicine:

With these timings you can easily apply the medication so that the new dose will take effect when the last dose is starting wearing off, ensuring consistent symptom relief.

Minimally Psychoactive

Stalkenol - Grape Seed Oil Base

- ❖ **Mildly psychoactive** - useful for daytime symptom relief and for those sensitive to higher doses.
- ❖ Mildly uplifting and energizing.
- ❖ Made with cannabinoids cold extracted from stalk
- ❖ May help with depression and anxiety
- ❖ Excellent treatment for nausea and vomiting

Low Heat Cannoil - Olive Oil Base

- ❖ **Minimally psychoactive**
- ❖ Gently decarboxylated to preserve the acid forms of THC and CBD
- ❖ Excellent for the anti-spasmodic, anti-tumoural, and antioxidant effects of the acid forms of the constituent cannabinoids

CBD Cannoil - Olive Oil Base

- ❖ **Minimally psychoactive**
- ❖ 1:1 ratio of THC to CBD

Mild To Medium Strength

Mixed Cannoil - Olive Oil Base

- ❖ **Mild to Medium strength** - mildly sedative in comparison to our Indica cannoil
- ❖ The combination of both Indica and Sativa strains in these capsules provides both the cerebral effects of a sativa and the pain relieving effects of an indica.

Sativa Cannoil - Olive Oil Base

- ❖ **Mild to moderately psychoactive and non-sedative**
- ❖ Uplifting and energizing
- ❖ Excellent for maintenance or breakthrough applications
- ❖ May help with depression

Nighttime Use (sedative)

Ryanol - Olive Oil Base

- ❖ **Mildly psychoactive**
- ❖ The broad cannabinoid profile makes this product ideal for sleep

Indica Cannoil - Olive Oil Base

- ❖ **Mild to moderately psychoactive**
- ❖ Relaxing and sedative
- ❖ Pain relieving

Bottled Cannoil

For those wishing to avoid taking capsules, we offer our cannoil in 60ml bottles.

- ❖ Each bottle is equivalent to approximately 82 cannoil capsules.
- ❖ 12-14 drops is equivalent to one capsule.

Available in:

- Indica
- Sativa
- Mixed
- Raw
- CBD

Warning: These Capsules can create a strong, psychoactive effect.

Sativa Trichomes (hash) - Hemp Oil Base

- ❖ **Strongly psychoactive**
- ❖ Robustly uplifting and energizing

Indica Trichomes (hash) - Hemp Oil Base

- ❖ **Strongly psychoactive**
- ❖ Deeply relaxing, sedating and useful for severe pain
